

MRWA WATER OPERATION & MAINTENANCE TRAINING SESSION

AGENDA

- 8:00am** **MRWA Updates and Services**
See what's new in the industry and learn about the changes in store for water and wastewater operations specialists. Get the latest on MRWA training, events, and technology.
- 9:00am** **Locating Your Watermains and Service Lines**
Locating your watermains and service lines can be tricky. Learn how to correctly use the trace wire spec and what you are legally obligated to locate on a Gopher State One request.
- 10:00am** **Calibrate Your Meters Correctly**
Learn how ensure your meters are communicating what they are supposed to.
- 11:00am** **MDH Updates**
Learn from the Minnesota Department of Health what you should be doing to keep your water system in compliance and what to do in certain emergency situations.
- 12:00pm** **Lunch - (On Your Own)**
- 1:00pm** **Proper Water Sampling Techniques**
Accurate analysis of your water samples dictates how you treat your water. Learn how to correctly operate all of your sampling equipment.
- 2:00pm** **Water System Security**
Cyber-Security and threats updates: what to look for, criminal acts, and terrorism.
- 3:00pm** **Water Treatment Hazards**
See the rules and regulation requirements from Minnesota OSHA and learn what safety violations to watch out for.
- 4:00pm** **End of Day**

November 28, 2018

MRWA Water O&M Training
