

MRWA WATER OPERATION & MAINTENANCE TRAINING SESSION

AGENDA

- 8:00am** **MRWA Updates and Services**
See what's new in the industry and learn about the changes in store for water and wastewater operation specialists. Get the latest on MRWA training, events, and technology.
- 9:00am** **New product innovations**
See new underground trench products and locating equipment. Confined spaces and hidden dangers exist at every utility. Safety and confined space entry equipment is essential. Learn about grants available to purchase safety equipment.
- 10:00am** **ISO (Insurance Services Office)**
Learn what your responsibility is for scoring of your distribution system. Water departments are responsible for 40% of that insurance score.
- 11:00am** **MDH Updates**
Learn from the Minnesota Department of Health what you should be doing to keep your water system in compliance and what to do in certain emergency situations.
- 12:00pm** **Lunch - (Provided)**
- 1:00pm** **Generator Use in Water Utilities**
Generators are a critical part of our water and wastewater departments. Are you providing the necessary maintenance for your generators? Learn proper O&M for all your generators.
- 2:00pm** **Did Your Hydrants Survive the Winter?**
Learn about the features and benefits of a new hydrant design made simpler from repairs and maintenance and how to keep them working for years to come.
- 3:00pm** **Contaminated Soils During a Utility Project**
Know what has to be done to make a project go smoothly when you run into contaminated soils. Learn what has been done in the past to avoid long delays during a utility reconstruction project.
- 4:00pm** **End of Day**

April 17, 2019
