

# MAY 12, 2021 HANDS-ON, IN THE FIELD HYDRANT REPAIR TRAINING

8:00am - 8:30am

## MRWA Updates & Introductions

See what's new in the water industry and learn about the changes in store for water operations specialists. Get the latest on MRWA training, events, and technology.

8:30am - 9:30am

## ISO: Insurance Services Office, Inc.

Water departments are responsible for 40% of the ISO insurance score. Learn from the people who will be evaluating your water system how you could potentially improve your score.

9:30am - 12:00pm

## Hands-On Hydrant Repair and Flow Testing

At this session hydrants will be disassembled in the field from top to bottom. See firsthand how to make a hard-turning hydrant into an easier to operate hydrant. See how the seat "valve assembly" is removed and repaired for leaking hydrants. Attendee participation is encouraged. Learn what tools and new innovations are available to succeed on all of your hydrant repairs. Also, see equipment necessary to perform hydrant flow testing to provide information for ISO.

12:00pm
